

According to Georgia state law, the international tuition rate is set at four (4) times the in-state tuition rate. The prices below reflect the current rates of tuition. Please note that students who study with F1 visas must register for at least 12 credits each quarter. All students pay for no more than 15 credits.

After an international student has attended Savannah Technical College for at least two quarters, then he/she may apply for the international tuition waiver, a competitive benefit which lowers the student's tuition rate from the international rate to the "out of state" rate. The out of state tuition rates are below.
