Satisfactory Academic Progress (SAP) Requirements - All federal and state financial aid recipients must:

1. maintain an **overall grade point average (gpa) of 2.0** (grades of “C”) or higher, and
2. **maintain at least a 67% completion rate.** Students must successfully complete at least 67% of attempted credits (passed credits divided by attempted). Courses with grades of D, F, W, WF, WP, or I are not considered successfully completed, and
3. complete program of study within a **150% maximum timeframe.** For example, if the program of study is 36 credit hours; student must complete program with in a maximum of 54 attempted credits (36 X 150% = 54).

Financial Aid Warning - Students who fail to meet the minimum cumulative GPA or fail to complete a cumulative minimum of 67% of attempted credits at the end of a semester will automatically be placed on financial aid warning for the subsequent semester of enrollment. During the warning period, students remain eligible for federal and state aid and must improve their academic standing in order to meet the minimum requirements. An appeal is not required for this status.

Financial Aid Suspension - Failure to meet the minimum 2.0 GPA or 67% course completion requirements by the end of the financial aid warning period will result in the suspension of financial aid eligibility. Students placed on financial aid suspension will not be eligible for federal or state financial aid until the cumulative GPA of 2.0 is met and a minimum of 67% of attempted credits have been successfully completed.

Failure to complete a program of study within 150% maximum timeframe will result in automatic suspension of financial aid eligibility. Students may appeal for an extension of eligibility and must meet with the Dean of the division to obtain an Advisor Checklist outlining the courses remaining to complete and timeline for completion.

Notification - Students are notified by STC student email and in writing when placed on financial aid warning status and when financial aid eligibility is suspended.

Appeals - Students have the right to appeal the suspension and request reinstatement of eligibility. Students who exceed the 150% maximum timeframe may appeal for an extension of eligibility.
